

Designed by Case Workers – for Case Workers.

POWERED BY
Business Integra
Modernizing Government.
Improving Lives.

CaseVault is a modern, modular, and AI-powered platform purpose-built for Health and Human Services agencies.

Designed to streamline eligibility, case management, provider management, financials, and licensing, CaseVault empowers agencies across Child Welfare, Child Care, Adult Services, Juvenile Justice, and Vocational Rehabilitation to deliver better outcomes with less administrative burden. Built on low-code/no-code technology, CaseVault meets all federal CCWIS requirements out of the box, while offering the flexibility and scalability to evolve with your agency's needs.

KEY BENEFITS

- **AI-Driven Efficiency:** Automates documentation, flags risks, and surfaces insights — freeing workers to focus on people, not paperwork.
- **Human-Centered Design:** Built with and for frontline workers to reduce friction and improve adoption.
- **Modular & Interoperable:** Deploy only what you need, integrate with what you have, and scale as you grow.
- **Mobile-Ready:** Empower field staff with full functionality on any device, online or offline.
- **Secure & Compliant:** Meets CCWIS, HIPAA, and other federal and state standards.
- **Expertise:** Leadership and SMEs with more than 150 years of experience working and managing child welfare and social services programs.

***CaseVault** empowers every stakeholder with a smart, role-based interface that simplifies decisions and accelerates action*

ADVANCED CAPABILITIES

- Modular architecture enables rapid implementation, accelerating time-to-value while minimizing risk.
- Intuitive low-code/no-code configuration empowers agencies to adapt quickly to evolving policies and business rules.
- Embedded analytics and dynamic dashboards support timely, informed interventions and identify risks.
- Mobile-optimized access equips caseworkers to engage families more effectively—anytime, anywhere.
- Intelligent automation of routine tasks and case activities.
- Seamless integration with legacy and partner systems.
- Curated portals for each stakeholder, facilitating collaboration and effective service delivery.

Built and vetted by our team of experts, with a collective 150 years of hands-on, subject matter experience.

We measure success based on Outcomes, not Change Orders.

With **CaseVault**, you can:

- Reduce the number of children and families entering the child welfare system through prevention services.
- Engage the family by increasing kin identification, engagement, and placement.
- Improve placement success and stability.
- Identify and reduce racial disproportionality in service delivery.
- Improve employment outcomes.
